SPRING 2026
PROGRAM GUIDE

West Toronto
Skating Club

Welcome to the 2026 Spring Program at the West Toronto Skating Club!

We're excited to welcome you back to the ice for a short but energetic spring session. Running from May 4 to June 11, this program offers a great opportunity for skaters to build on their progress, stay active, and enjoy the final weeks of the season together.

Our Learn to Skate program continues to provide a fun and supportive environment for skaters of all ages and abilities. Whether you're just getting started or refining your skills, our dedicated instructors are here to help you grow with confidence.

For those in our figure skating programs, spring is the perfect time to focus on development, fine-tune technique, and work toward personal goals in a positive and encouraging setting.

As many of you know, McCormick Arena will be closing for renovations beginning June 15. We are currently exploring options for a temporary training location, and further updates will be shared with members by the end of the spring session.

Thank you for being part of the West Toronto Skating Club. We look forward to making the most of this spring season with you on the ice!

CSA APPROVED HOCKEY HELMETS ARE MANDATORY FOR ALL SKATERS up to and including CanSkate Stage 5. Ski/Bike/Multi-Sport helmets will not be accepted and you will not be permitted on the ice.

We recommend that CanSkate members dress warmly, in layers, with a waterproof jacket and waterproof pants and mittens. Snowsuits are not recommended, as they restrict movement. Long coats, scarves and dangling earrings are not permitted. Protective equipment including wrist guards, elbow pads and knee pads are permitted.

When choosing the right skates for learning to skate, it's essential to focus on a proper fit rather than opting for skates that are too big with the idea they'll be grown into. Ill-fitting skates can hinder the learning process and affect balance and control. For beginners, hockey skates, figure skates, or soft skates are preferable over youth adjustable skates, as they provide better support and stability. These types of skates help ensure a more comfortable and effective learning experience on the ice.

SESSION ETIQUETTE:

- All skaters and coaches MUST leave the ice surface immediately upon the announcement for the commencement of the floods.

Courtesy: Courtesy is first and foremost. It is essential to respect the rights of other skaters and be aware of who is around you at all times. Right of Way: First priority is given to skaters who are skating to their solo or dance music. Second priority is given to skaters in a group lesson. Give these skaters the right of way at all times. Skaters with the right of way must also remember to keep an alert eye open to avoid collisions and may respectfully remind others of right of way (e.g. "excuse me").

- Spins should be performed at the centre of the ice surface, and jumps should be at the ends and in the corners. Do not spend most of your time in the corners. Skaters who are practicing the Lutz may not see you as they enter their jump.

- If you fall down, get up as quickly as possible. If someone falls and does not get up on their own, do not move them. Get a coach to assess the injured skater. In the meantime, have someone stand "guard" over them to make sure other skaters avoid collisions with them. When you are practicing elements like camel spins and back spirals be especially aware of the danger your exposed blade poses to other skaters.

- Take a good look at your expected "space" before you start the element, and do not proceed with the element if it looks like you could cause a problem for yourself or other skaters on the ice..

- Don't stand around on the ice to "chitchat". You interfere with and/or present a hazard to other skaters, and you are wasting your practice time. Skaters are expected to be skating at all times while on the ice. Wearing earbuds/headphones is not permitted while on the ice.

LESSONS:

- The Program Director / Head Coach / Club manager reserves the right to rearrange group lessons according to level, age and numbers of skaters. All skaters and coaches give the right of way to group lessons.
